

Lucky 7 Angus Customer Testimonials

1. Les Dunmire, Dunmire Ranch Co., McFadden, Wyoming

Our program is 100% Lucky 7 Angus top and bottom. We fed out our 200 tail-end heifers and had incredible results: 4.91 to 1 feed conversion, 94% choice and better, only 4% yield grade 4's. They are money makers."

2. Bill Griffin, Riverton, Wy.

"I'm sold on this program. We started using all Lucky 7 bulls and our calves were 137 pounds heavier in just 2 years"

3. Shane Tiffany, Tiffany Cattle Company, Inc. Herington, Ks.

"Cattle that grade 94-96% Choice or better, 10-15% going Prime, with less than 10% yield grade 4's are extremely rare. However, Lucky 7 Angus calves have done it time and time again at our feedyard. Combined with their great feed conversions and break-evens makes them without a doubt some of the most complete cattle we have the pleasure feeding."

4. Dan Hotchkiss, Hotchkiss Ranch Reva, South Dakota

"I'd recommend Lucky 7 to anybody! I believe in the program 100%. Jim is the best guy in the world to deal with. Customer service is A1. Most of the bull sales you go to the bulls have been fed up and they look like they're ready to slaughter. These bulls look really good but they are not packing the flesh they go to work and they stay good and stay sound."
